

South Carolina Board of Economic Advisors

Statement of Estimated State Revenue Impact

Date: February 25, 2008

Bill Number: S.B. 1075

Authors: Senate Finance Committee

Committee Requesting Impact: House Ways and Means

Bill Summary

A joint resolution to supplement the school districts negatively affected by the lack of revision of the 2007 final index of taxpaying ability, and to provide that a school district positively affected by the lack of revision of the 2007 final index of taxpaying ability shall direct the excess funds towards nonrecurring allowable expenditures.

REVENUE IMPACT ^{1/}

This joint resolution is not expected to impact General Fund revenue in FY 2008-09

Explanation

This joint resolution would provide that school districts negatively affected by the lack of revision to the 2007 final index of taxpaying ability be supplemented using any unexpended FY 07-08 Education Finance Act funds and then EFA reserve funds. The resolution also directs that districts positively affected expend the excess funds on nonrecurring allowable expenditures. Since the funds are from unexpended appropriations and the reserve account, there is no anticipated impact on the General Fund as a result of the resolution.

William C. Gillespie, Ph.D.
Chief Economist
